## 5" OD Landing String

### 5" OD Drill Pipe S135 Grade 25.6PPF Weight with NC50 Connections

#### Inventory Overview

Our Drill Pipe is maintained to the API 7 & 5D standard specification. All repair work is conducted externally by a ISO9001 quality assured & API registered machine shop. Completed repair work is inspected by a third party to T.H. Hill's DS-1™ 3 Cat (visual & dimensional).

Third party T.H. Hill's DS-1™ 3-4 Cat Inspection is completed each time the drill pipe is used and 5 Cat can be completed prior to rental on request.

The pipe is supplied coated internally & externally, the connections are doped with Kendex Orange storage compound and dressed with pressed steel thread protectors.
